

How to get the most for your loyalty?

From May 25th, 2018 we apply new, better and more secure European Union user data management rules that make it easier for you to make a decision on accessing your personal data - in your most useful purposes. By agreement with the processing of your personal information, the Croatian Travel Club will ensure that you do not miss out on any opportunity that is relevant to you. At any time you will be able to unsubscribe from our newsletter subscription list or have the ability to change the intensity of receiving promotional notices. Also, before traveling, we form WhatsApp group to ensure connectivity with all passengers on the trip, as well as with our travel companion! The group is used as a platform for all questions that are of interest to you in order to prepare for the trip, but also to inform you about everything that happens on the road. After the trip, we will sometimes inform you about our latest travel or first-minute opportunities. You can leave the group at any time.

YOUR DATA IS NECESSARY FOR THE FILLING OF THE CONTRACT

Your personal information has been treated in accordance with the best security practices. They are used exclusively for the purpose of fulfilling the Contract and the General Conditions of Travel. The third parties to whom your information is delivered are: airlines that fly you to your desired destination, hotels and where you will stay during your trip booked in the arrangement of the Croatian Travel Club, local travel agencies with whom we work on the sites, and our travel companions who need your information due to accommodation in rooms, possible emergencies and similar cases. After your trip expires, your user data is deleted.

AND REMINDER IN THE END

You have the right to access your personal information, request correction, and object to their use at any time. You can always confirm/alter the consent in our office, by e-mail or by phone at 099-329-1565. For persons under the age of 16, we require the consent of the parent or guardian.
